

Are you a direct family member of a Franklin County Veteran who died in the First World War?

We are looking for the living family member(s) of Franklin County soldiers, sailors, marines, or airmen who died in World War I. The students of Fort Hayes Metropolitan Education Center have been creating a memorial to those men who might have come through Fort Hayes with the United States Infantry. Many are listed on a proposed memorial plaque (1919) that honored their service. However, we are also seeking the additional names found in *List of Mothers and Widows of American Soldiers, Sailors, and Marines Entitled to Make a Pilgrimage to the War Cemeteries in Europe* (1930). It is hoped that their memory and their family would be honored at a special event at Fort Hayes on April 15th (see invitation).

Please read through the following list below, noting that this is the only information we have at present. If you are related, please contact Doreen Uhas-Sauer, Columbus Landmarks Foundation Education and Outreach Coordinator, who is working with the project, at doreencolumbus@icloud.com Thank you.

The Franklin County Veterans Who Gave Their Lives in World War I

Unless otherwise noted, the following list was created for the Franklin County Memorial Table and reported in *The Columbus Evening Dispatch*, April 9, 1919. It was compiled by the Franklin County Liberty Loan Committee. The list began and evolved from 40 names that originally were on a tablet placed at Broad and High, October, 1918 and dedicated by President Teddy Roosevelt. Additional names of soldiers, marines, sailors, and airmen were found in a 1930 report, *List of Mothers and Widows of American Soldiers, Sailors, and Marines Entitled to Make a Pilgrimage to the War Cemeteries in Europe*, which followed an Act of Congress, March 2, 1929. This report, a decade after the war ended, explored the possibility of whether or not the government could afford to send widows and mothers (who wished to go) to French cemeteries. It is unclear as to whether such pilgrimages ever happened. Information from this 1930 report is marked with an asterisk.*

Final lists included the names of those who died in Europe, as well as, those who died from disease in this country and overseas. A number of young men lost their lives in the Great Influenza epidemic of 1918. The Fifth Liberty Loan Committee of Franklin County reached out to the public in April, 1919 to be sure the names of the confirmed deceased were spelled correctly and no names were omitted. The soldier's last address (as he listed it) was included. Today, some of the areas listed (Laneview, Linden Heights, Camp Chase) are within the limits of the City of Columbus. In a few cases, a name from outside Franklin County is listed. The 260 names include the 40 names from the first tablet and the list from the 1930 report. It is as follows:
